Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Sunday 24 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Frosty start. Rain, sleet and snow from west later.

Today:
Frosty start with fog patches slowly clearing, bright elsewhere with sunny spells. Soon turning cloudy with outbreaks of rain, sleet and snow spreading across the region, perhaps giving significant accumulations in places. Cold throughout. Maximum temperature 4 deg C (39 deg F).

Tonight:
Cloudy with the band of rain, sleet or snow clearing south during the evening. Staying cold and becoming dry and clear leading to fog patches and a widespread frost. Minimum temperature -5 deg C (23 deg F).

Monday:
A cold and frosty morning with bright or sunny spells, overnight fog only slowly clearing. Staying bright into the afternoon, but still cold and perhaps becoming breezy across Kent later. Maximum temperature 5 deg C (41 deg F).

Outlook for Tuesday to Thursday:
Cold and frosty start Tuesday with fog slow to clear, rain pushing into west later. Occasionally heavy rain and milder temperatures sweeping eastwards through Wednesday, Wet, windy but milder Thursday.
